GORMAN THE MAN

Pittsburg, Pa., Aug. 3.--ft has been carned here that the national Demo eratic leaders have selected Senator Artour P. Gorman of Maryland to be the Democratic standard bearer next Pennsylvania will be in line for him. It is also known that J. K. Jones, the national Democratic chairman, is orking in Gorman's interest, or will he ere long. It is intimated that even

W. J. Bryan will be brought into line Ex-Congressman J. K. P. Hall, Dem ceratic State chairman, has been busy in the Maryland man's behaif. This is evidently being done under orders from a higher authority. Nothing will done at the Democratic State Convention at Harrisburg next month to ndicate how the Penusylvania delega tion to the national convention will line up. It will not be necessary.

It has been intimated from Philadelphia that ex-Governor Robert E. Pat tison will receive the Pennsylvania vote. This plan has been laid aside. The boom for ex-Judge George Gray of Delaware, who was a member of the hard-coal strike commission, has also been laid aside. It was told here triday that Gorman will have a solid delegation from the South. Milwau kee and Baltimore have put in bids for the Democratic National Conven tion. MAY BUY NEW BOAT.

There have been rumors about during the past week of the possibility of the purchase by the Inter-Island S. N. Co. of an 18-knot boat to take the Mauna Loa's present route, including Hilo on the run, and of putting the Mauna Loa on the W. G. Hall run to Kauni.

When seen about this matter yesterday, President Kennedy said: "There is nothing in that line at the present time. Of course, to keep abreast with the times, these matters have to be talked about and discussed." ***

WAHIAWA BRIDGE FIXED.

Horrible Death Of Chinese Reform Editor

Peking, Aug. 1 .-- A journalist of this city named Shen Chien was executed here yesterday. According to the offcial report of the execution Chien was beheaded, but it became known to night that this report was false and that the condemned man was beaten to death in accordance with special instructions issued by the Dowager Empress, who desired to make an example of the journalist with which to terrify

other reformers.

The incident is declared to be the most horrible that has occurred in China since the massacre of 1900. The killing occurred in the courtyard of the yamen of the Board of Punishment. The victim was beaten with bamboo rods for two hours, the flesh on his tack, arms and legs being torn to rib-bons. After life had apparently be-come extinct, the executioners, fear-ing that Chien had merely fainted and might revive, twisted a rope tightly around his neck and left the body in his condition until this morning.

No one except officials was permit-ted to see the prisoner after his arrest, with him and an denied an interview ing his condition being withheld. The cyldence at the trial was so weak that Chien would probably have been ac-quitted had he not boldly proclaimed his principles throughout and his wil-lingness to die for them. He frankly admitted the charge that he had attempted to organize a rebellion in Han-kow in 1990, and boasted that he had always advocated the assassination of the Manchus in order to rid the coun-

try of the dynasty. Despite the precautions taken by the officials, the prisoner smuggled from his cell a farewell message in the form of a poem, in which he glorifled reform and exhorted his colleagues to contin

ne the work. Chien was 30 years of age and had many friends among the foreign realdents of the city, who described him as an educated, high-minded gentle-"For Rent" cards on sale at Bulletin ing the Shanghai reformers to Chinese
